

DATA SHEET STATIC DISCHARGE REEL REELCRAFT

Spring Driven static discharge reel Series GS3000

Static discharge reels are used to ground equipment operating in hazardous atmospheres, such as fuel trucks or carts transferring flammable materials. When properly clamped to ground, the static discharge reel dissipates static electrical buildup, reduces chances of sparking and the potential for explosion.

Four 3/8" (10mm) diameter mounting holes.

Single 7 x 7 stranded steel cable

Reel supplied complete with 3/32" OD steel aircraft cable. DC resistance is approximately one ohm per 50 ft. of steel cable. Clamp rating 100 AMP.

Model number: GS3050

Stainless steel passivated casing.

Complete with 15 mtr. 7 x 7 stranded stainless-steel cable, cable bumper and clamp.

Weight: 5 kg

Ratchet lock system can be switched off for constant tension function.
